

## Web Developer

Mapping and Spatial Solutions LLC is a GIS consulting firm serving the areas of southern Indiana, southern Illinois and western Kentucky. We provide GIS services related to local municipalities, utilities and coal companies. Services include basic editing, advanced editing, database design, program design and website design. We currently have an opening for a **Web Developer**.

### Job Description:

The Web Developer will develop original design concepts, execute designs based on established style guides and integrate databases across different platforms using web services and API integration. This individual will be a self-starter and will also be able to follow precise instructions. Attention to detail is critical, as are integrity and work ethic.

### Job requirements:

- 4 years applicable work experience or B.S in Internet Study/Web Design Field of Study
- Proficiency with Linux/Unix
- Proficiency with PHP and MySQL
- Javascript, Ajax, HTML
- Proficiency with Apache Web Server
- Proficiency in API Integrations
- Demonstrated knowledge of utilizing Web Services
- Excellent debugging and problem-solving skills
- Demonstrated knowledge of Web Development best practices: W3C compliance
- Must be a team player
- Must have good communication skills

### Job preferences:

- Experience with Microsoft Server OS platforms
- Experience with PostgreSQL, Microsoft SQL Server 2008
- Experience with Web services, JQuery, ASP.NET, C#, Django, Ruby on Rails

Starting pay will be based on education, experience and skills.

### Benefits include:

- Medical and dental insurance
- 401(k) and matching contributions
- Paid time off
- Paid holidays

Interested candidates should combine their cover letters as the first page of their resumes to produce a single file in either Word or PDF. Examples of previous projects are encouraged. Please title electronic resume attachments as follows: ResumeDeveloper(last name first name). Electronic submissions are preferred at **gg@wetlandservices.net**.

Written resumes will also be accepted at:
